The game also presents characters moving faster and planting more accurately than ever before in the franchise. The characters are more intelligent – they adapt when they sense an opposing move and then attack when it’s the perfect moment. FIFA 20 Ultimate Team, the fastest-growing, most played and most popular mode in the franchise, introduces The Journey, a new system to connect players more deeply to the gameplay. The Journey is the narrative of the game and of the most important moments in a player’s life: moments from childhood to the present day. The Journey has 5 chapters that are unlocked progressively as a player progresses through the game. These chapters help players connect to the game’s deep narrative and form their own connected identity as a gamer. FIFA Ultimate Team is the most popular, high-rated mode in the franchise with over 80 million players playing in “The Journey.” Check out the FIFA 20 trailer below. The game releases on September 27, 2019 on the PlayStation 4, Xbox One, and PC. FIFA 20 is rated “T” for Teen by the ESRB.
